

## Road Rejuvenation/Asphalt Program Start Date

Dear Owner and Resident:

On August 24<sup>th</sup>, 2015, Infrastructure Pavement Technologies (IPT) will begin the rejuvenation process between 7 and 8 am for Phase 1 on the roads designated in the attachment. This start date is weather permitting and, if it should rain, process begins the day following. This project will have a major impact on preserving our most costly infrastructure, our roads, and will aesthetically improve our community. BUT, WE NEED YOUR HELP!

- Do not drive in areas that are coned.
- Keep all pets off treated areas for twenty-four (24) hours.
- Please limit UPS/FEDEX deliveries during the time your street is being worked on.
- PLEASE DO NOT WALK on the treated areas, as IPT, Atlantic States nor the Board is responsible for the tracking of the rejuvenation process onto any portion of your property.
- Advise children not to play or walk in the treated areas.
- **TURN YOUR IRRIGATION SYSTEM OFF the night before and the day of your STREET BEING TREATED. CONTACT YOUR LANDSCAPER AND INFORM THEM NOT TO COME ON THE DAY YOUR ROADS ARE BEING WORKED ON.**
- Make arrangements to park your vehicle as directed by the attached document. If you park your car at the pool, please contact Lou DiBari on 615-636-1677 or Bill Capshaw on 864-380-6861 for home pickup.
- **The postal service and newspaper deliveries will be notified NOT to deliver mail/papers on the day that your street is being treated.**

The schedule and parking instructions for the roads to be treated is attached for your review. We will visit your homes on Saturday morning, August 22<sup>nd</sup> to review these instructions and answer any questions. We all understand that for one/two days, this will be a nuisance but well worth everyone's efforts. Please cooperate with our teams as I know you will.

Respectfully,

Lou DiBari  
Infrastructure Committee

**Road Rejuvenation Schedule**  
**Parking instructions**
